

### As a communicator I will learn to...

Listen and respond appropriately to other pupils.  
Take part in class discussions by giving my opinions and asking sensible questions to develop my understanding. Ask adults and peers for help when I need it.  
Speak clearly and fluently using my best, spoken English.

#### Home Learning Tasks:

- Visit the library and find a story about Ancient Greece.
- Create your own fact file about one of the Greek Gods.
- Imagine an interview with a Greek God or Goddess and document their answers.

### On my faith journey I will...

Know that the experience of 'family' in society today is varied, with many joys and sorrows. Whatever the experience, family still remains the first place for growth and development, the basic social unit.  
Read and explore relevant scripture

#### Home Learning Tasks:

- Draw a self-portrait and annotate with key points to say why you are unique.
- Create a family tree to show where you come from.
- Create an album of photos from birth to now.

### As a mathematician I will learn to...

Use written methods for addition, subtraction, multiplication and division. (including long multiplication and long division)  
Understand place value. (Numbers up to 10,000,000)  
Understand and find equivalent fractions, convert improper fractions to mixed numbers and order and compare fractions.  
Add, subtract, multiply and divide fractions

#### Home Learning Tasks:

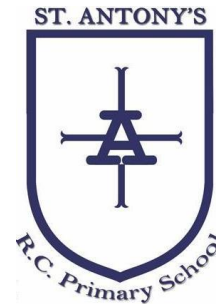

- Ping Pong Times tables – play with a family member, choose a times table and “bat” the answers to and from. Can you speed it up?
- <https://uk.splashlearn.com/fraction-games-for-year-6>  
Fractions games
- <https://www.topmarks.co.uk/maths-games/7-11-years/placevalue> Place value games
- <https://play.trockstars.com>

### As a scientist I will learn about...

The human body. I will learn about the circulatory system including the functions of the heart, blood vessels and blood. I will explore the impact that diet, drugs and exercise has on the body. I will learn about how nutrients support humans and animals. I will plan different types of scientific enquiries that will include; taking measurements, recording data, making predictions and comparing tests.

#### Home Learning Tasks:

- Make a food diary and research which nutrients are in your meals.
  - Can you find more nutritional alternatives?
- Compare the circulatory systems of different animals and note the similarities and differences.

## Summer Term

### As a part of my home learning I will....

- ✓ Read every night for a minimum of 20 minutes.
- ✓ Complete weekly LBQ quizzes
- ✓ Complete maths homework
- ✓ Complete spelling homework
- ✓ Complete a TTRS garage session every night

### As a good healthy citizen I will...

Find a way to make a difference in our family or community to help someone else i.e. visit an elderly relative, pick up some litter, raise money for charity.

### As a musician I will learn to....

Ask, "What impact have female composers on modern music"? I will look at various female artists and learn how their paths led to their differing sounds. I will be able to evaluate pieces of music, using relevant terminology such as; pitch, tone, structure, melody. I will be able to explore music and discuss how it can shape our way of life. Whilst listening and appraising I will learn how music can connect us to the environment.

#### Home Learning Tasks:

- Create a musical mood board demonstrating how your chosen piece of music makes you feel.
- Research a female artist/composer and make a poster or power point based on their musical style.

### As a computer scientist I will learn to...

Explore the concept of variables. I will look at the components of computer games and build on previous programming skills.

#### Home Learning Tasks:

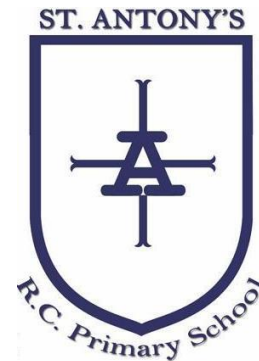

- Use a search engine to find information about Ancient Greece and create a fact file using word documents.
- 

### As a sportsperson I will learn...

How to perform gymnastic routines. I will focus on developing quality of travelling actions both on feet and hands and feet. I will devise and perform a sequence of gymnastic actions, showing a clear beginning, middle and end. I will explain how a sequence is formed using appropriate terminology to describe technique and composition when evaluating both their own and others performances

#### Home learning Tasks:

- Create a gymnastic routine at home to share with the class.

### As a design technologist I will...

explore architecture over time. I will learn to evaluate structures and understand how a complex structure needs to be strengthened, stiffened and reinforced. I will use Computer Aided Design to create 3D virtual structures and explain my material choice. I will assess a variety of building design and evaluate their features.

#### Home learning Tasks:

- Create an acropolis using household materials.

### As a Historian I will learn...

About life in Ancient Greece. I will research about significant contributions the Ancient Greeks made to modern civilization. I will look at how the early Olympics and modern Olympics compare. I will also learn about the Minoan Civilization worked and compare their way of living to the Mycenaeans lifestyles. I will chronologically create timelines to note significant events within the classic period.

#### Home Learning Tasks:

- Design an outfit suitable for a Roman Emperor or slave.
- Research information about the wars between Athens and Sparta.

### As an artist I will....

Investigate Expressionism, look at which artists were significant in creating this style such as Edvard Munch. I will create a piece of art reflecting the theme of expressionists. I will evaluate the pieces I observe, paying attention to the different mediums used; paint, photograph, water colour, pencil. I will look at the various ways that paper can be used in crafting.

#### Home Learning Tasks:

- Create a piece of artwork using photo collage. Use your own photographs or ones from magazines.

### As a Geographer I will learn to ....

Identify human and physical geography of Greece as well as the wider world. I will look at settlements and economic activity of Greece including trade links. I will compare the landscapes and regions of the UK with Greece.

#### Home Learning Tasks

- Create a poster advertising tourism in Greece, include landmarks and popular attractions.
- Record a travel blog imagining you are visiting a greek island and include information on the regions and describe the landscape of your chosen destination.
