

Monday 4th March 2024

Dear dairy,

Today, everyone was so excited for residential. Before we left school we made a poster for each room. Then, we got on the coach. I was really tired so I tried to go to sleep but the excitement got the better of me. Also it was loud with singing and cheers so I could only sleep for five minutes. I just rested my eyes.

When we got there we had lunch and I had a massive ham sandwich and a banana. Yum!

After we ate, we had a tour of

the place and then we went to our dorm. After that, we

went to do our first activity on residential and it was fencing.

In fencing me and Mateusz were partners. It was so cool! Later,

we went for tea and the pizza was amazing. It was my second favourite pizza. When we finished eating, we did an activity called Scrapheap. It was where you build out

of cardboard and protect a water balloon from falling from a high place. Finally, we went to our dorms, bathed and slept. I was so tired at this point!

## Day 2

On day two I had breakfast. For breakfast I had bacon and a sausage. Then we went rock climbing. In rock I climbed all the way to the top two times and it was really fun.

When we finished, we went to our dorms. After that, we

completed Night Line where we went around a big maze blind folded. Scary and exciting all at the same time! Then we went for lunch. When we finished eating, we went for Aero Ball. In Aero Ball we got to throw a ball. Then we played Lazer Tag. In Lazer Tag we had guns with lasers in it. It was really fun. After that, we went to back to the dorms and got ready for tea - another fantastic meal.

## Day 3

On day 3 we went for breakfast then we went on high ropes and low ropes it was

fun as well. Then we went to eat dinner and the coach arrived to take us back to school. It was such a great trip, I feel very grateful that I had opportunity. Can't wait for Y6's residential now.
