

## Monday 4th March

Dear Diary,

Today me and Izzi were so excited we all were told to sit with our partners. Once we sat with

our partner we lined up and set off to the library to get our luggage. We got our luggage and the coach arrived. We went in and sat down. We had fun. It was a bit boring and we were on there for 2 Hours and 7

Mins. when we arrived we put our luggage in a cubicle then we went on a tour and saun [one of the workers] showed us around he was a lot of fun. We had a quick lunch and then went to our dorms and had lots of fun. We got our beds ready and then went fencing. We did it inside. We had lots of fun and we learnt a few things. After fencing

we had Tea it was delicious! yum.

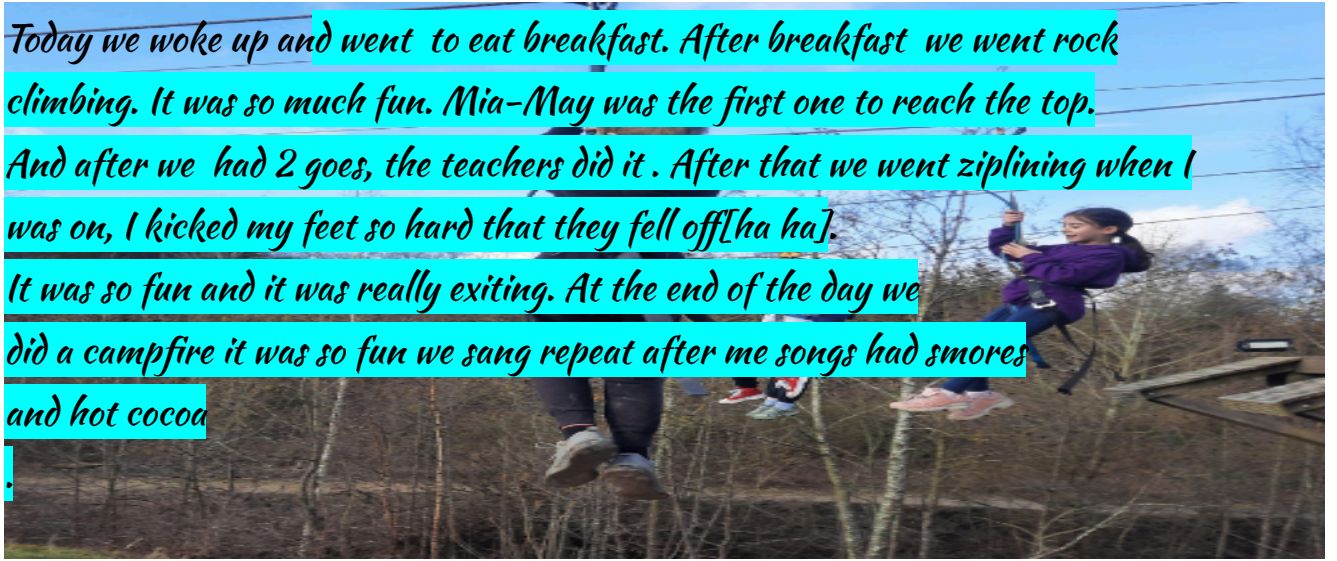

After Tea we went to do the scrapheap challenge [we lost] before we made the box to protect the water balloon. We did this thing where we write on a piece of paper about our fears and our goals!

## Tuesday 5th March

Today we woke up and went to eat breakfast. After breakfast we went rock climbing. It was so much fun. Mia-May was the first one to reach the top. And after we had 2 goes, the teachers did it. After that we went ziplining when I was on, I kicked my feet so hard that they fell off[ha ha]. It was so fun and it was really exiting. At the end of the day we did a campfire it was so fun we sang repeat after me songs had smores and hot cocoa

It was amazing!

## Wednesday 7th March

Today was our last day and we made it the best! We started with high ropes. They were extremely high and scary but it was good! We all had a go but then we had to go to low ropes witch wasn't that bad.

*It was an ultimate challenge! But it was  
**AMAZING!***
