

## Key facts to remember

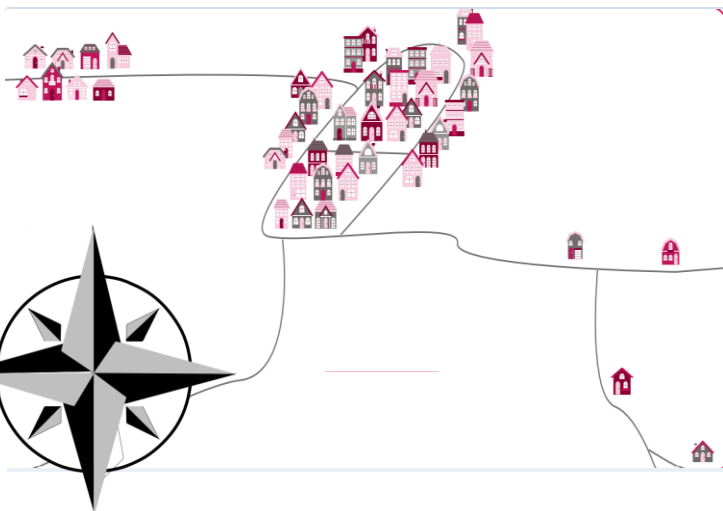

1. The four intercardinal points of a compass are: north-east, north-west, south-east and south-west.
2. An urban settlement has lots of people and buildings close together whereas a rural settlement is usually located in the countryside and has fewer people and buildings spaced further apart.
3. The UK is divided into counties. Counties are ruled by local governments. I live in the county of Lancashire.
4. People use land in different ways to meet their different needs. There are five main types of land use: agricultural, commercial, recreational, residential and transportation
5. Weather plays a crucial role in how people use the urban and rural environments in the United Kingdom

## Vocabulary

Urban	Urban settlements are towns and cities with a high population and lots of buildings.
Rural area	Rural areas are surrounded by open land.
County	a term used to refer to different areas usually consisting of various towns and villages.
Government	The UK government is an organisation that keeps order within the country and it provides services for its people. E.g., schools, waste management, emergency services and housing.
Local Government	is responsible for a range of vital services for people and businesses in defined region.

## My memory jogger

## Diagram of...Map/Key

*residential land*  
Land used for houses and apartment blocks.

*transportation*  
A way of getting something from one place to another.

*agricultural land*  
Land used for farming, cattle and crops.

*commercial land*  
Land used for buildings aimed at making money.

*recreational land*  
Land which has buildings providing fun activities.

## Previous learning

In Y1 I learnt about what a settlement is. I also learnt the countries of the UK and the capital cities and famous landmarks. In Year 2 I learnt about the surrounding seas of the UK.

## Future Learning

I will zoom out and study beyond the UK to the continent the UK is located – Europe. I will compare the UK with a European region – Andalusica in Spain.
